There was a tie between National Diamond Corporation and Protech Diamond Tools. The Missouri Code of State Regulations - CSR Section 10-11, #14 mandates ties be resolved in the following manner: "When the bids are equal in all respects and tied in price, the contract shall be awarded to bidder doing business as a Missouri firm. If both bidders or neither is a Missouri firm, the contract shall be awarded by a formal drawing of lot. Whenever practical, the drawing will be held in the presence of the bidders who are considered equal. If this is not possible, the drawing will be witnessed." Therefore, after review of the RFQ documents received from the tying bidders, it was determined both submissions were in compliance with all requirements of the bid. Therefore, a drawing of lot was conducted on December 15, 2009 at 9:30 AM. MoDOT employees, Teresa Farmer and Sarah Marino, performed the drawing. The drawing was witnessed by Bill Noyes, Senior Procurement Agent. **Protech Diamond Tools, Inc. was determined to be the successful vendor by virtue of the drawing of lot.**

NOTE: Workizer Work Products submitted a late response (after the required submission deadline had passed), which could not be considered in this tabulation. 33 other companies (including 2 WBE firms) were sent notification of the posting of this RFQ opportunity, but no responses were received from these vendors.
